

Namaste India

*...an initiative to support Indian
Handicrafts*

Why Handicrafts

A handicraft is a wide variety of work where useful and decorative objects are made completely by hand or by using only simple tools. Handicrafts have always been the strength of India as it promotes the heritage of our country by using indigenous materials and by preserving our country's age old customs and knowledge. The Indian Handicraft Industry is a major source of income to the rural communities and plays a pivotal role in evolving the ladies and older people belonging to weaker sections of the society. Additionally, Indian Handicrafts are Eco Friendly and do not harm the environment in any ways; thus ensuring a pollution free environment and attaining the highest standards of sustainability.

Namaste India is highly passionate of Indian Handicrafts and has been catering to both Indian and International market for almost three decades. Our highly experienced craftsmen leave no stone unturned in ensuring that each masterpiece manufactured signifies its own importance and also showcases the real essence of Indian Handicrafts.

Our Story

Started in 1989 with a vision to promote India & its diversified culture; Namaste India is one of the pioneers amongst exporting and retailing Indian handicrafts.
